

**Edward Leach** - Edward's 1915 attestation form states he was born in Kilmore and on enlistment was aged 25 years. He gave his occupation as shearer and his next of kin as David Leach, Main Road, Kilmore. As nothing can be found about Edward and David, maybe these details are false. Edward enlisted at Casula, NSW on November 11, 1915 and was allocated as a private in the 4th Battalion. He entered camp at Casula two weeks later, and soon after spent a period in hospital. He was then medically assessed and as a result of being unfit for service, Edward was discharged on January 12, 1916.
